SaaS Based Application

Developed for IT Staffing Business

Real Time Sync with QuickBooks™ Online

NEED FOR INVOICING AUTOMATION

INCREASE PRODUCTIVITY

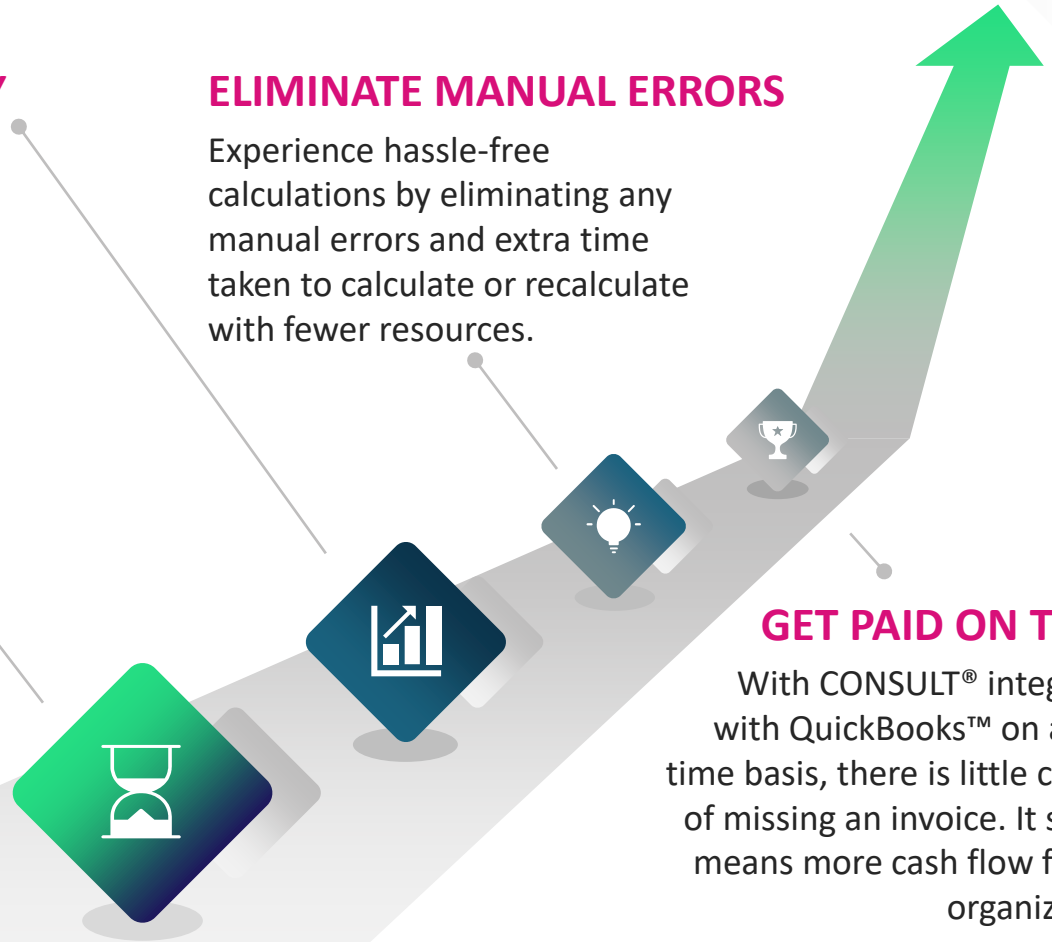
Identify, track and measure productivity of departments as well as users in a matter of minutes. Compare the performance of any given month or year to plan the course ahead.

SAVE TIME & MONEY

Automation for accounts receivable is exceptionally beneficial for reducing costs and processing time.

ELIMINATE MANUAL ERRORS

Experience hassle-free calculations by eliminating any manual errors and extra time taken to calculate or recalculate with fewer resources.



GET PAID ON TIME

With CONSULT® integrated with QuickBooks™ on a real-time basis, there is little chance of missing an invoice. It simply means more cash flow for the organization.

Standardize A/R process for better business insights.

Remove guesswork and anxiety in payment collections.

INSIGHTS ON INVOICING AUTOMATION

Industry analysts have found that companies that utilize A/R automation software recognize such benefits as:

25%
Reduction in Bad-debt Reserves

30%
Reduction in Days Sales Outstanding

32%
Reduction in Past-due Receivables

38%
Gain in On-Time Payment Rate

40%
Gain in Overall Productivity and **ROI** in less than 2 months
